International Primary Schools Catalogue 2024

collins.co.uk/international

2024 International Primary Schools Catalogue

Welcome to our new International Primary Schools Catalogue for 2024. We are delighted to share our forthcoming publishing with you – we have so many fantastic resources to inspire and inform your students, and to energise and support your teaching!

Continuing our suite of Cambridge International resources, we have a **brand-new Primary Wellbeing course**. We also have Maths, English and Science Progress Books which will help you to monitor the progress of individuals and classes, and pinpoint areas for extra attention.

Our celebrated reading programme **Collins Big Cat** sees the addition of four new collections of titles based on the themes most requested by educators, including fairy tales that capture the essence of stories that have withstood the test of time, but which have been given a modern spin, challenging the traditional fairy tale world conventions. Continuing the theme of wellbeing we have fiction and non-fiction titles written by experts to help children with their mental health and emotional wellbeing. We dive into the action-packed world of the graphic novel genre with 10 new titles. Lastly, we continue our Blue Mahoes journey with Aniyah, EJ and Olivia as they travel back in time to meet influential Black figures throughout history.

Following the huge success in schools of the **Little Wandle systematic synthetic phonics programme**, we are excited to offer 40 new books for those children who have mastered phonics and are looking to boost their reading fluency and stamina, becoming confident and avid readers. With fascinating topics, and celebrated authors and illustrators across fiction and non-fiction we know these books will become firm favourites.

Finally, we are thrilled to be able to bring the super readable, dyslexia-friendly **Barrington Stoke** list to a wider audience. This award-winning library of original children's fiction supports us in our goal to reach all readers, with high-quality, accessible, diverse and inclusive books and resources.

We'd love to take the opportunity to talk to you about our materials, and the new home for our digital resources: Collins Hub. Please do get in touch with your regional representative (details are on the back page) or email us at collins.international@harpercollins.co.uk and we will get back to you as soon as we can.

Lee Newman
Education and Children's Publisher, Collins

Collins is proud to be an official publisher of endorsed resources for Cambridge Assessment International Education qualifications. As an endorsement partner, we work closely together with Cambridge International to develop a range of trusted and high calibre materials which offer teachers and learners across the world the opportunity to make an informed choice on the best resources for them. Together we strive to help learners think bigger, reach higher and build a strong foundation for a lifetime of learning.

Endorsed for full syllabus coverage

Look out for this logo on the front covers of our endorsed resources. All endorsed resources have been through a detailed quality assurance process, therefore you can be confident that all the learning objectives of the curriculum frameworks and syllabuses have been covered.

Collins is proud to be associated with many esteemed professional bodies around the world.

What's on the cover?

This year, we are celebrating the 200th anniversary of the Royal Society for the Prevention of Cruelty to Animals (RSPCA), the world's oldest and largest animal welfare charity. The RSPCA's 200th anniversary is an opportunity to reflect on the organisation's founding - including the idea that improving animal welfare is part of a broader increase of social consciousness against cruelty, suffering, and exploitation.

eBooks

Series Editors: Kate Daniels and Victoria Pugh

A flexible and easy-to-implement wellbeing programme that supports teachers to equip learners with the tools they need to build their confidence and develop emotional resilience

Student's Books

- Equip students with a toolbox of strategies and key vocabulary to understand and discuss their wellbeing and mental health in a proactive and age-appropriate way
- Each Student's Book provides a selection of text extracts, specifically curated to support student wellbeing
- Featuring visually engaging write-in pages to record and refer back to learning
- This series offers a Student's Book for each stage of Primary

Teacher's Guides

- Support teachers to confidently build learners' understanding about their wellbeing and mental health, being proactive in supporting their emotional health as well as intervening early with any concerns
- Adapt the course to suit the school's local context with downloadable and editable lesson plans, worksheets and slides
- Provide effective planning with curriculum mapping tables and unit overviews
- There are two Primary Teacher's Guides for Stages 1–3 and 4–6

Student's Books	ISBN
Student's Book 1	978-0-00-864518-2
Student's Book 2	978-0-00-864519-9
Student's Book 3	978-0-00-864520-5
Student's Book 4	978-0-00-864522-9
Student's Book 5	978-0-00-864523-6
Student's Book 6	978-0-00-864524-3
Teacher's Guides	ISBN
Teacher's Guide 1–3	978-0-00-864517-5
Teacher's Guide 4–6	978-0-00-864621-2

We are working with Cambridge Assessment International Education towards endorsement of these resources to support the curriculum framework (0034) from 2023.

Write-in Student's Books act as a journal to log learners' wellbeing journey

Key vocabulary, tools and strategies help develop learners' wellbeing awareness

Topic 4 Relationships

Lesson 1 A fantastic friend

Activity 4.1a Are these people friends?

Look closely at these pictures. Are these people friends? How do we know? See what clues you can find in the pictures and write about what you can see.

31

Topic 4 Relationships

Lesson 1 A fantastic friend

Activity 4.1b Drawing a fantastic friend

Draw a picture of a fantastic friend. It can be a real friend or a 'dream friend'.

What makes them a good friend? Add labels around them to show all their good friend qualities. For example, a good heart makes them kind and thoughtful.

Collins International Foundation and Foundation Plus

Authors: Peter Clarke, Arabella Koopman and Fiona MacGregor

Provide a firm foundation at early year stage in English, maths and science in preparation for primary education

Collins International Foundation and Foundation Plus is an early years programme for English, maths and science that can be used across two years leading up to the first year of full primary education.

The programme introduces young children to phonics and early literacy skills, maths concepts and science content in an age-appropriate way through topic-based discovery and activity-based learning. It provides plenty of learning opportunities through games, active play and hands-on exploration.

Careful progression ensures children develop the skills they need to be ready for English, maths and science in their first year of primary. The materials in Foundation Plus build on what is covered in Foundation to ensure that all students will be fully prepared for the learning ahead no matter which programme or curriculum their school is following.

The underlying themes – common across English, maths and science – allow the courses to be used together so that children build up knowledge, skills and vocabulary holistically. It can also be used alongside other courses to provide a comprehensive early years programme.

Developed in consultation with expert practitioners, the courses benefit from current thinking and best practice in early years education and have been informed by a wide range of curricula and frameworks used in international schools.

Activity Books

Full-colour Activity Books provide age-appropriate and fun core skills practice, allowing teachers to see and record progress, as well as show parents the child's progress in class.

Reading Anthologies

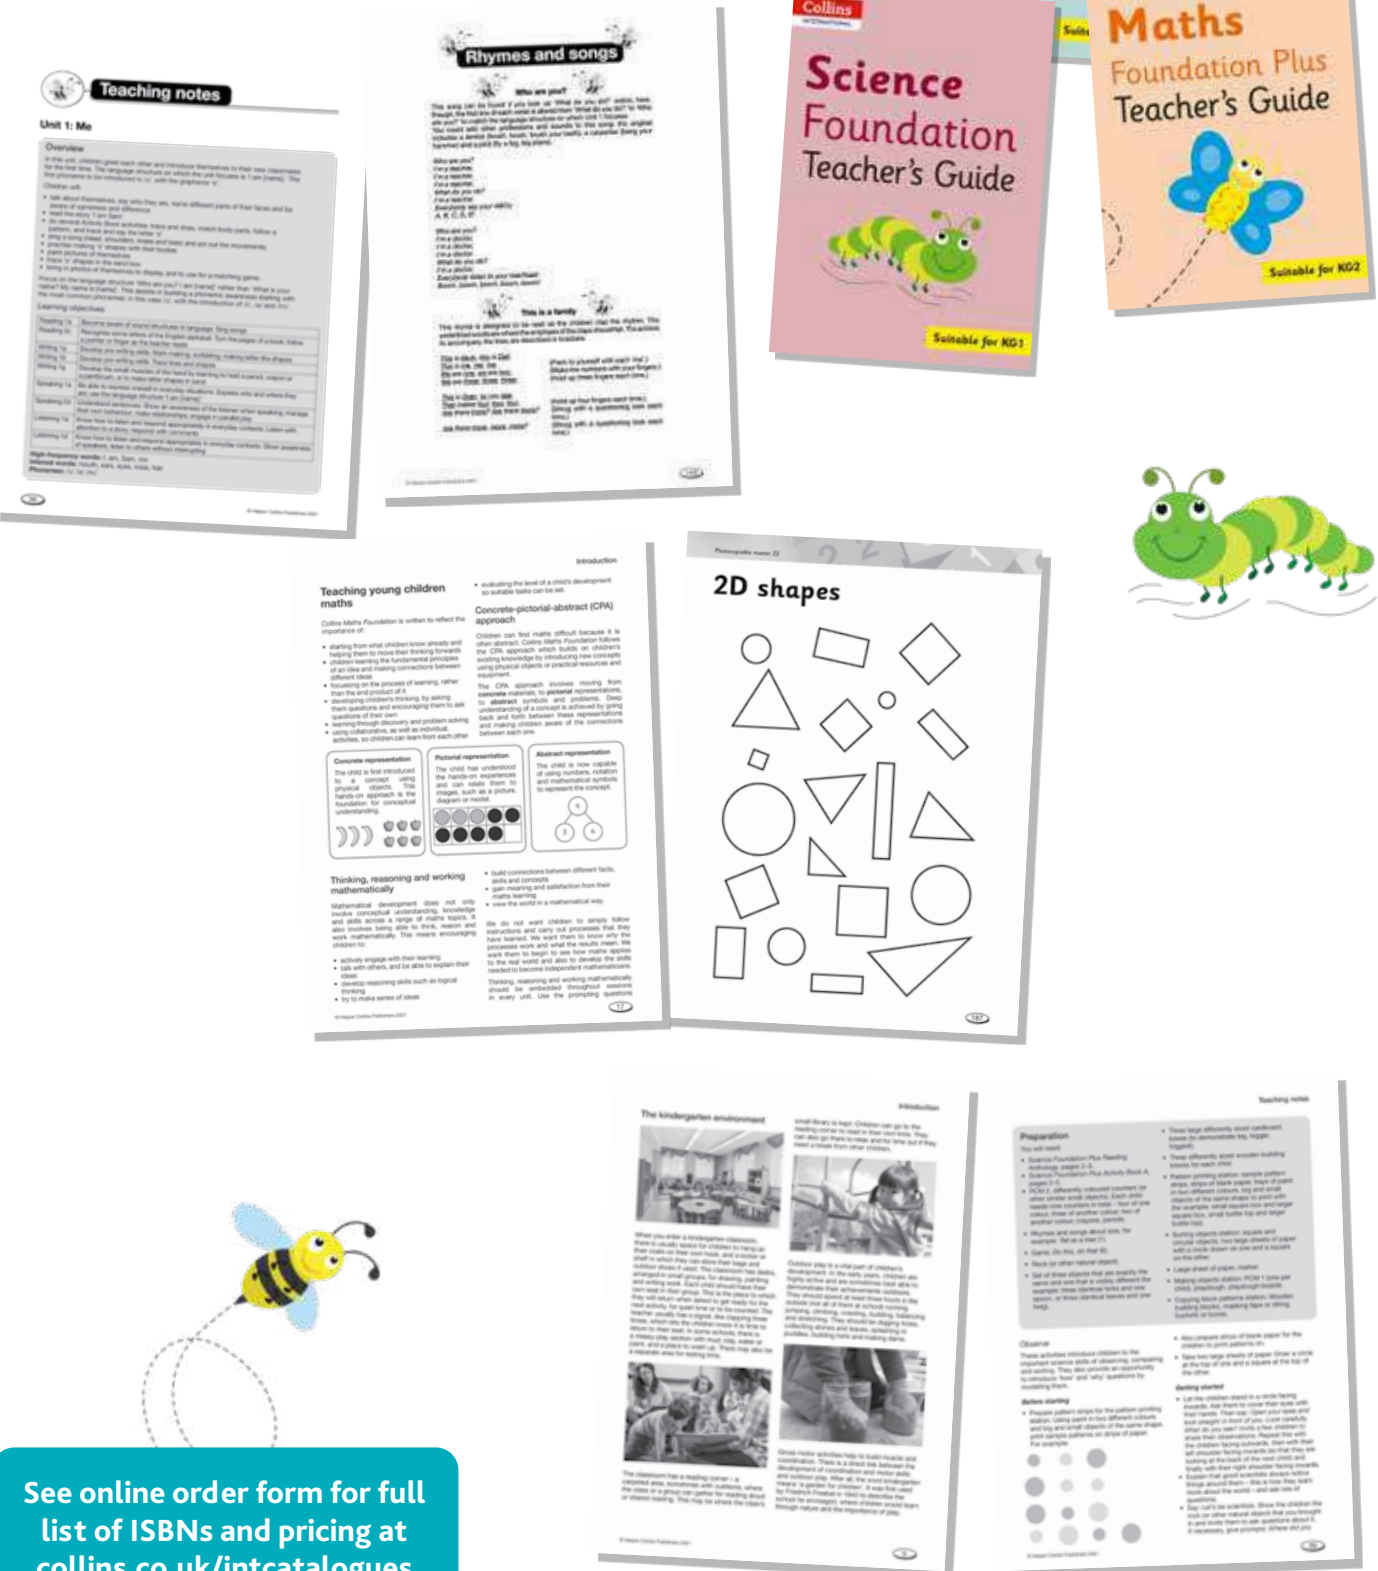

Brightly illustrated Reading Anthologies offer a carefully selected collection of colourful stimulus materials to help support the teaching of key concepts in English, maths and science as well as the development of early literacy skills.

The English course has a Reading Anthology for each term at each level. Maths and science each have a Reading Anthology per level.

Teacher's Guides

Teacher's Guides provide accessible support for teachers, including detailed guidance, ideas for English, maths and science in the early years classroom, assessment support, advice on resources, songs and games, and additional photocopiable activity sheets.

Carefully selected texts to provide both non-fiction and fiction discussion points

Simple and clear explanations

9 Sights, sounds and feelings

Reading and speaking

1 Read these short poems aloud in groups.

A limerick
There was a young girl from Gooles,
Who took her pet snake to school.
It squiggled and wriggled
And the whole class giggled.
Her teacher didn't think it was cool.
Anonymous

A calligram (a shape poem)
Spaghetti
The trouble with spaghetti is
it gets you in
a fearful tizz,
for when you turn
it round and round
until you think
you've got it wound
no matter how
You twizzle it, you always get one dangling bit.
by Noel Petty

Poems
There are many different ways of writing poems. Some poems use patterns or shapes, others use rhyming words and rhythm.

Limericks
Limericks are nonsense poems. They all have the same pattern.
• There are always five lines.
• Lines 1, 2 and 5 have the same number of syllables and they rhyme.
• Lines 3 and 4 have the same number of syllables and they rhyme.

Calligrams
A calligram is a shape poem. The words in the poem are arranged in a shape or a picture.

An acrostic poem
Acrostic poems
Acrostic poems use the letters of a word or name. Each line of the poem starts with a letter from the name or word, rhythm.

I am Indira
Intelligent
Never sad
Dutiful
Interesting
Reliable
Annoying sometimes

2 Which poem do you like best? Why?
• Did it make you laugh?
• Did it make you think?
• Was it fun to read aloud?
• Which poems have words that rhyme?

Write a poem

1 Work with a partner or alone. Write a shape poem or a limerick or an acrostic poem.
2 Display your poem in class and read it aloud to the class. Read with as much expression as possible. You want your classmates to enjoy the poems as much as you do!

Reading and listening

1 Listen and follow as your teacher reads these two poems by Judith Nicholls.

Riddle
I am
pear-drop
space-hopper
rest-on-a-tail
fast as a rocket,
and what's in my pocket
small as a snail?
I'm shorter than elephant.

taller than man,
I hop-step-and jump
as no creature can.
My jacket is fur,
my pocket too;
a joey hides there ...
I am
KANGAROO!

84 Read and recite poems. 85 Give a personal response. Write a poem.

- A comprehensive suite of books and digital resources written for the English Programme of Study
- Flexible resources to suit your teaching needs and an approach that works for your pupils
- Exciting interactive resources on Collins Hub to support your chosen teaching approach
- Frequent formative assessment opportunities and carefully crafted practice activities to prepare pupils for exams
- Handwriting resources to support handwriting development and ensure extra spelling practice
- The Reading Attic – digital resources to inspire a love of reading for pleasure in all pupils
- Foundation books and digital resources to support early years outcomes for reading, writing, speaking and listening

Select a teaching approach to suit your needs

Skills Focus Pathway

A focus on key skills to ensure your pupils fully master spelling, comprehension, composition and vocabulary, grammar and punctuation.

Integrated English Pathway

A complete English programme which supports a holistic approach to English and teaches the core skills in context.

Skills Focus Pathway

A rigorous programme that allows for concentration on key skills to ensure pupils fully master spelling, comprehension, composition and vocabulary, grammar and punctuation.

In-depth Teacher's Guides and Pupil Books for each year and skill provide discrete practice and consolidation through targeted units focusing on different aspects of English.

Integrated English Pathway

A complete English programme which supports a holistic approach to English and teaches the core skills in context. Teacher's Guides for each year offer genre-based teaching sequences supported by Anthologies containing source texts. Through the teaching sequences, pupils will read and analyse the source texts whilst focusing on skills relevant to the texts. They will then draft and write their own pieces of writing.

The Reading Attic

Extra digital resources to enhance your English teaching even further. Featuring audio extracts from books written by much-loved authors and exciting lesson sequences to develop a love of reading for pleasure.

Foster a lifelong love of reading with over 1000 book-banded readers featuring beautiful illustrations and stunning photography for every step of a child's reading journey.

- Develop key reading skills including inference and deduction through comprehensive teaching and assessment support
- High-quality fiction and non-fiction include a variety of genres to support teaching across the curriculum
- The wide range of Big Cat readers ensures learners of all needs and abilities are supported
- Digital resources offer an enhanced reading experience
- Support teaching and assessment with lesson plans and worksheets

Colours

Book Band: Blue

Skills focus

- Draw on knowledge of vocabulary to understand texts
- Make inferences from texts

Guided reading session

- Multiple copies of Collins Big Cat Colours

Turn in

Ask children to pick up their books so that they are ready to look at the front cover. Introduce the book by encouraging the children to look closely at the front cover.

Ask: What do you think the book is about?

Ask children to point to the title of the book and then read it aloud to them. Ask them to read it aloud with you.

Turn to the back cover and draw the children's attention to the back cover. Explain that this usually tells us what happens in the book or it tries to encourage us to read it. Read the back aloud, encouraging the children to follow and join in with you.

Ask: Can you imagine if the world was just one colour? What would it look like?

Turn to the title page and ask children to point to where it tells us the name of the author and illustrator. Read it to the children. (Satsuki Kishimaru)

Heads together

Read pages 2 to 5 aloud to the children, asking them to follow as you read and to join in. Model strategies for reading longer words, for example, recognition of tricky words ('what', 'look'), using phonics strategies and breaking the words down (guided reading). Focus on pages 4 and 5.

Ask the following questions:

- Can you imagine a world like this?
- What colour are the animals normally?
- Do you think you would like to live in a world that is all one colour?

Read pages 6 to 11 aloud to the children, modelling strategies for reading and asking the children to follow as you read and to join in.

Ask: What do you think the girl is going to do next?

Wrap up

Read page 12 aloud to the children, asking them to follow as you read and to join in.

Ask the following questions:

- What painting might she draw on that empty piece of paper?
- What would you draw?
- What colours could you use?
- Would you use lots of colours?

Look at pages 14 and 15 together.

Ask: Can you use the pictures to help you to say what the book is about?

Vocabulary boost session

You will need

- Multiple copies of Collins Big Cat Colours

Vocabulary table

Focus word	Child-friendly explanation	Example sentence	Tell me...
imagine	If I imagine, I make a picture in my head.	When I read the story, I imagined what the giant looked like.	Tell me about something that you have imagined.
everything	Everything means all of the things.	In my bedroom, everything is gone.	Tell me when...
try out	If you try something out, you see what it is like.	She tried out her new bike.	Tell me how it...

Turn in

Explain to the children that in this lesson they are going to look closely at some of the words the author has used and what those words mean.

Read the book aloud to the children, asking them to follow and to join in as you read.

Refer back to each of the focus words in the book, writing up the word, giving a child-friendly explanation and asking the children to say the focus word with you. For example: In the book, the girl imagines a different world. If I imagine, I make a picture in my head. Now, say the word with me - 'imagine'.

You may wish to use the examples in the table, above.

Refer to each of the focus words that you have written up and give the children the example sentences. Then ask them to interact with the word meanings by asking the questions in the 'Tell me' column. You may wish to demonstrate by giving some examples of your own.

Ask children to say the words with you once more.

Follow-up independent session

You will need

- Multiple copies of Collins Big Cat Colours
- Resource sheet: Mixing colours
- Paper: paints (blue, yellow, red, green, white), brushes
- Resource sheet: One colour classroom

Ask children to work with their Reading Partners and to read the book aloud together. Ask them to think about the book and to talk about what they liked about the book and what they didn't like. They should

Big Cat Guided Reading Handbook: Blue to Turquoise

Colours Resource sheet

Everything you need to teach a complete systematic synthetic phonics programme

Big Cat Phonics for Little Wandle Letters and Sounds Revised has been developed in collaboration with Wandle Learning Trust and Little Sutton Primary School. Deliver a consistent and highly effective approach to teaching phonics with classroom resources and a diverse range of decodable phonics books that support the Little Wandle Letters and Sounds Revised SSP.

- Based on the original Letters and Sounds, but extensively revised to provide a complete teaching programme
- Books match perfectly to the Little Wandle progression and support all the Letters and Sounds phases, including books for blending practice and stretch and challenge
- Classroom resources include flashcards (grapheme, picture, word prompts, tricky words), grapheme charts, wall friezes and Keep-up Teacher's Guides
- Resources for rapid catch up for age 7+ help children who need fast-track intervention
- Resources to support Little Wandle's SEND Programme
- Full teaching and assessment support available through a membership available direct from Little Wandle – go to littlewandlelettersandsounds.org.uk for full details

What to do – identifying children for daily individual support sessions

Use the Letters and Sounds assessments (every six weeks), as well as assessment within the daily lesson, to identify children who need either individual or group keep-up. Do not let children fall behind – take action as soon as possible. Use the assessment again after three weeks to check that these children have filled their gaps.

SEND Programme Classroom Resources

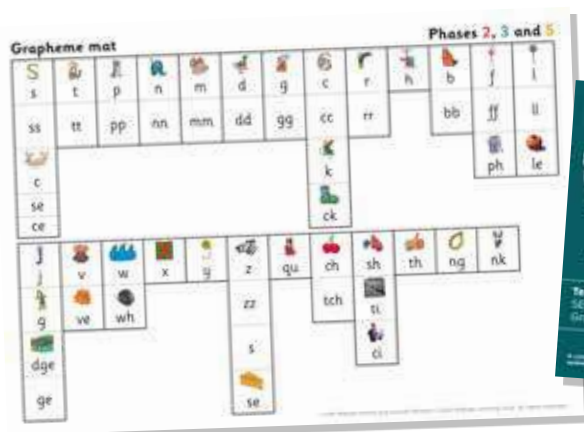

Enabling schools to create a suitable route to reading for every child

Little Wandle SEND (special educational needs and disabilities) is a complete programme that mirrors the main phonics programme with adaptations and support in place that make it possible for schools to meet the needs of all their learners.

It has been created to help children learn to read using the right level of challenge for each child and using the graduated approach if needed.

The Little Wandle SEND Programme resources include:

- Large sensory grapheme cards
- Illustrated grapheme cards
- Large word cards
- Grapheme mats
- Teacher's Guide

Rapid Catch-up Resources

Develop strong decoding and fluent reading skills for children who have fallen behind their peers using Rapid Catch-up for children age 7+.

Includes:

- 50 fully decodable books with age-appropriate interest levels but accessible text
- Blending practice books embed secure phonic knowledge
- Word cards to match the Rapid Catch-up planning
- Specific Teacher's Guide provides clear, easy-to-follow lesson plans for fast-track intervention

Little Wandle Fluency

New titles

Ease the transition from learning phonics to becoming independent readers

Develop reading confidence, stamina and speed with **Big Cat for Little Wandle Fluency**!

With a carefully designed progression and increasing word counts across 10 fluency levels, 40 exciting new chapter books will help children complete the code, extend vocabulary and gain speed and confidence – easing the transition from learning phonics to becoming independent readers.

How does it work?

Determine which books children will be taught with a simple one-minute fluency assessment, which gives you a reading rate and accuracy percentage for each pupil.

Each book has six chapters that can be taught in half-hour lessons over two or three weeks and includes downloadable detailed lesson plans and word sheets to support your teaching.

The perfect follow-on to teaching phonics with Little Wandle Letters and Sounds Revised SSP, each book is supported by downloadable lesson plans and word sheets.

Big Books

Best-loved Collins Big Cat phonics titles in a larger format (from Lilac to Red), perfect for whole-class engagement with shared reading activities included.

Collins
BIG CAT

Support learners' health and wellbeing while they learn to love reading

- 12 wellbeing readers from White Plus to Pearl band
- Covering topics such as healthy eating, meditation, screen time, as well as mental health issues, friend and family relationships, self-esteem and emotions

Pages from *I Am Awesome*

Contemporary fairy tales with a twist!

- 11 books that challenge the traditional fairy tale world conventions of gender, ethnicity and agency
- Give familiar fairy tales their own twist bringing them up to date with reimagined characters, plotlines and settings for upper primary readers

Pages from *How Not to Marry a Princess*

Explore STEM careers with Dani and Tara Binns

When these sisters open their dressing up box, something exciting happens...

Inside the box are clothes, uniforms, shoes and hats...an outfit for every job you can think of. Which one will the box choose?

- Showcase a strong female protagonist who is transported into another world based on the uniforms in her dressing up box
- Filled with fast-paced adventures and explore different STEM careers through the eyes of Tara, Dani and their friends
- Present a positive female role model, broaden horizons and promote a view of gender parity in the working world

Chapter 1

Dani Binns found the old toy box in the spare bedroom. Her big sister Tara had suggested choosing a toy from it. Every time Dani picked one, it sent her off to try out a job ... and have an exciting adventure. What toy shall I choose? she thought, looking inside.

Hmm ... a ruler?

As she held the ruler, her hand tingled ... then her arm ... then her whole body. What job would I need a ruler for? she wondered, as she felt herself spinning away through space and time ...

Pages from *Dani Binns Brilliant Builder*, Purple

Chapter 6

"Look!" shouted Tara, pointing at the robot. "The claw of that robot has brake fluid on it. I bet that robot is splitting the brake pipe!"

Ayesha nodded. "Looks that way. We'll get an engineer to the production line to fix the robot as fast as possible."

Ayesha went to talk to the foreman about the robot.

Tara heard one of the engineers tell another to tow away the faulty car.

"Take it to the crash test area. The other three cars with faulty brakes are there already. We'll keep them safe until their brakes can be fixed. There aren't any more crash tests today, so they won't be a danger to anyone."

34

Tara was horrified. Ortez! He'd gone to fetch one of those faulty cars. He was about to drive a car with no brakes!

BIG CAT for the IB PYP

New

PYP

Readers that are the perfect fit for the IB Primary Years Programme (PYP)

Encourage learners to develop vital reading strategies and enrich your teaching across the IB PYP curriculum with **6 curated collections**. Each collection has been categorised by reading level and PYP transdisciplinary theme to allow for maximum flexibility in the classroom.

- Provide opportunity for learners to think critically, reflect and communicate with a wide range of readers
- Offer a great balance of fiction and non-fiction titles featuring beautiful illustrations and stunning photography to motivate all learners
- Support teaching across the curriculum with a variety of genres and topics
- Provide reading practice at an appropriate level for every learner
- Develop and assess key reading skills, including inference and deduction, through comprehensive teaching and assessment support
- Readers and reading collections are available in print and ebook formats, allowing for a seamless transition between school and home

The **Teacher's Guide** provides information on how to make the most of the collections in your PYP classroom, with tips and suggestions on how to identify the right book for each student, ideas for pre-reading activities to spark curiosity through inquiry-led approaches, as well as recommendations for follow-up and assessment.

For more information about Collins Big Cat for the IB PYP, contact us at collins.international@harpercollins.co.uk or visit www.collins.co.uk/bigcatpyp

Access over 1500 levelled ebooks with the Big Cat ebook library!

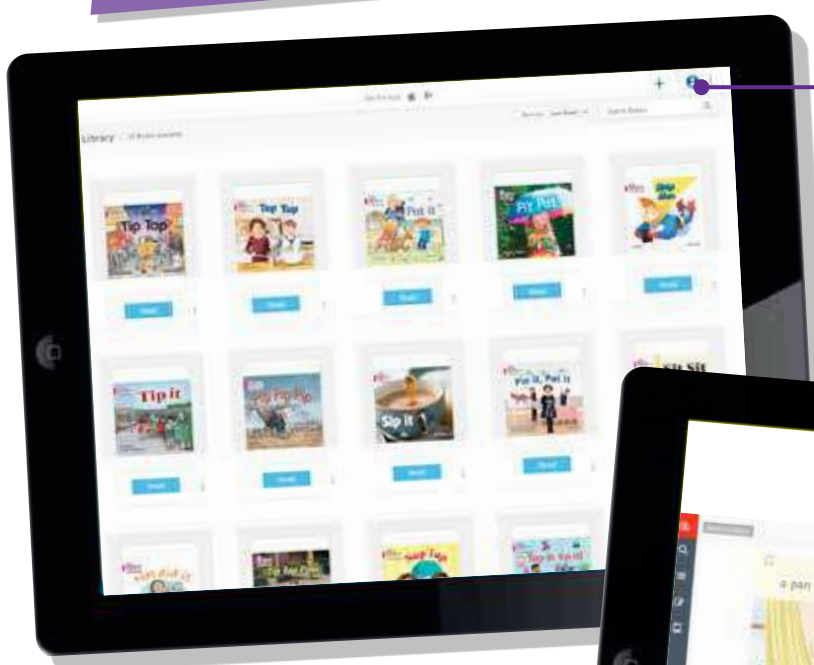

New titles

Collins
BIG CAT
ebooks

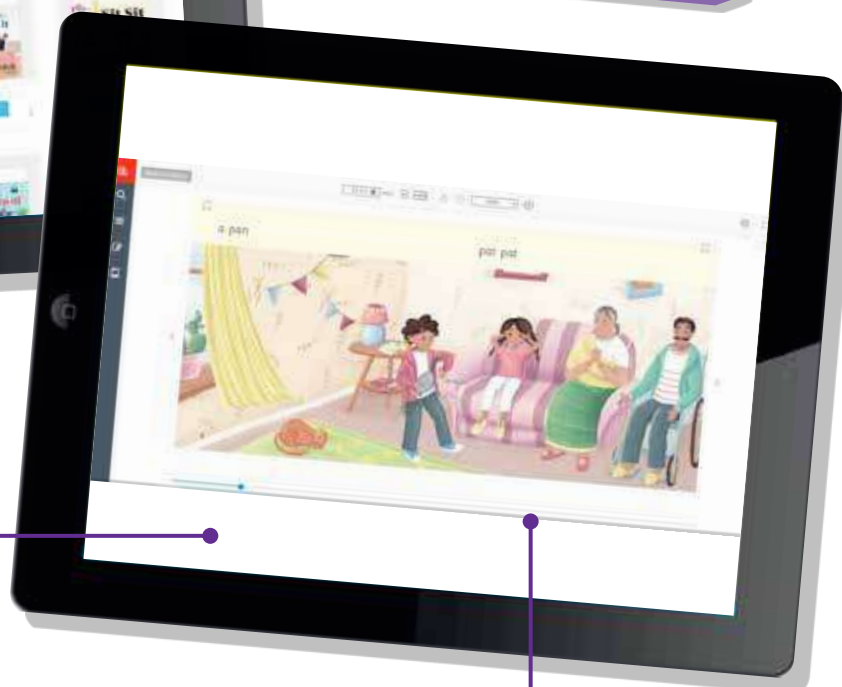

- Supports front of class teacher modelling and shared reading when used on interactive whiteboards
- Provides a seamless transition between school and home, allowing children to practise reading at the right level without the need to share books amongst pupils
- Videos that model how to say phonemes correctly, hints and tips for supporting children with their reading
- Worksheets, guided reading notes and comprehension activities are also included

The ebookshelf

Teachers can assign specific books to learners to read and track which books have been read by which pupils

Collins Explore English (0057)

Age
5–11

CP

eBooks

Authors: Sandy Gibbs, Robert Kellas, Karen Morrison and Daphne Paizee

Explore English has been written with a range of international contexts in mind and offers progression within and across levels

This series is **endorsed** by Cambridge Assessment International Education to support the new curriculum framework (0057) from 2020.

Student's Resource Books

- Provide excitement and enjoyment with a visually appealing magazine-style book
- Showcase and discuss a range of carefully selected fiction and non-fiction reading texts on a variety of age-appropriate topics
- Activate imaginations and help create an inclusive learning environment
- Challenge learners to think deeply and communicate their ideas and opinions
- Extend learning with audio files available as a free download

Student's Coursebooks

- Build upon and consolidate learning with write-in coursebooks containing varied activities and exercises
- Use in conjunction with the Student's Resource Book
- Develop language skills with an emphasis on practical communication

Teacher's Guides

- Provide a carefully designed scheme of work, with clear mapping to the new curriculum framework
- Deliver tailored lessons with comprehensive lesson plans and concise learning outcomes that give step-by-step guidance
- Support and extend students' learning with photocopiable worksheets
- Answer keys for Coursebook exercises included in each unit

Supports Cambridge Global Perspectives™ with activities that develop and practise key skills.

Short and simple instruction rubrics allow for more space on the page for visual content

Interesting fiction and non-fiction text types in a colourful, eye-catching format

Dreaming of dolphins

How much do you know about dolphins? Look at the photographs and read the information about swimming with dolphins.

Did you know that in some places you can swim in the ocean with wild dolphins? To do this, you must use special equipment. You must wear a wetsuit, a mask and a snorkel, and fins. The equipment helps you stay safe and lets you breathe when your face is under the water.

snorkel mask wetsuit fins

Dolphins can swim very fast and like to leap out of the water. They roll from side to side.

They look very cute, and are often friendly and curious when they meet humans. Dolphins are wild animals and so people must respect the animals and their environment.

Do you want to swim with dolphins? Why? / Why not?

18 Unit 3 Week 2

Important facts about dolphins

- Dolphins live all over the world in seas and oceans. Some dolphins even live in rivers.
- Dolphins eat fish, shrimps, squid and octopus. They hunt in groups.
- Dolphins can swim up to 40 km per hour.
- Dolphins call each other with clicking and squeaking sounds.
- A male dolphin can live up to 30 years. A female dolphin can live up to 50 years.

Dolphins must be protected. We must look after our sea. We must not throw litter and plastic into rivers and the oceans. We must also stop overfishing.

Why must we look after the sea?

Collins peapod readers

CEFR Level:
Pre A1–A1

eBooks

Series Editor: Rebecca Adlard

The perfect start to a child's journey into learning English

Get the perfect start to learning English with these exciting graded readers for young learners. This series of 200 illustrated readers encourages children to explore a range of fun and familiar themes across fiction and non-fiction, allowing them to develop their English vocabulary and key language skills.

Fifty of these readers are based around the lives of two loveable siblings Ivy and Mack. These stories follow their child-centred view of the world forming the heart of the Peapod Readers series.

Written by a creative team of authors and ELT Young Learner specialists whilst drawing on the expertise of the Collins COBUILD corpus, these readers are tailored to the needs and requirements of young learners of English.

All readers include:

- Before and after reading activities introducing key terms and aid retelling of story
- Alignment with the Cambridge English Qualifications: Pre-A1 Starters and A1 Movers
- Downloadable audio and reading guides for extra support

2nd EDITION

Series Editor: Peter Clarke

The exciting whole-school primary maths programme that ensures conceptual understanding and mathematical fluency now in a new edition

Introducing Busy Ant Maths 2nd Edition, with new Pupil Textbooks, updated components including Teacher Guides, and a whole new set of resources for Foundation Stage.

Written by an expert author team with over 50 years' combined classroom experience, Busy Ant Maths is a flexible, whole-school mathematics programme that assists teachers in teaching for mastery and ensures conceptual understanding and mathematical fluency from the start.

SUPPORTS A
'MASTERY' APPROACH
TO THE TEACHING OF
MATHEMATICS

The second edition will:

- Provide clear progression from Year 1 to Year 6
- Summarise the most important knowledge and understanding
- Make connections between core concepts across year groups
- Address the areas in the UK curriculum identified as a priority including *Number and place value*, *Addition and subtraction*, *Multiplication and division* (including number facts), *Fractions* and *Geometry*

Peter Clarke, series editor

Peter is a highly respected mathematics consultant and lecturer working throughout the UK and abroad. A former maths subject leader, deputy headteacher and LEA advisor, he has extensive experience in teaching and writing for primary mathematics education.

WRITTEN BY
TEACHERS
FOR TEACHERS

Pupil Textbooks New

The textbook content is designed to be used during the 'Teach' phase of a typical Busy Ant Maths lesson, or to help pupils during the 'Individualised Learning' phase of a lesson to answer the questions on the accompanying Activity Book page.

- Build key vocabulary to encourage development of precise and accurate language
- Highlight prerequisite learning and future application of learning
- Give more mathematical representations that follow the Concrete-Pictorial-Abstract approach
- Focus on key number knowledge and concepts

Used in conjunction with the Teacher's Guide, Activity Books, Progress Guide and Homework Guide, this book is the best way to ensure that pupils achieve all the learning objectives of the Primary Maths UK National Curriculum.

Activity and Pupil Books Updated

Updated for the second edition with exciting activities to build mathematical skills.

- Fun activities to consolidate the objectives covered in the daily maths lesson
- Objectives at the top of each page so the child is in control of their own learning
- Space to record answers, providing structure to each exercise
- Simple text and colourful graphics

KS2 Pupil Books contain three levels of differentiated challenge built into each lesson as well as extra consolidation, extension activities and varied number representations to ensure rapid progression for every child.

Teacher's Guides Updated

Updated for the second edition with guidance and support for planning and teaching.

- Unit overviews reference ready-to-progress criteria for that unit
- Additional or alternative representations suggested in lesson plans, including reference to digital tools
- Links given to relevant pages of the new Pupil Textbooks
- Additional links to other Busy Ant Maths 2nd Edition components
- Additional resource sheets

Foundation Stage Resources

New

New and updated resources for early years foundation stage, including three Activity Books, a Teacher's Guide and a Reading Anthology.

Digital subscription on the Collins Hub

New

The Busy Ant Maths digital content is at the core of the course, now accessed on the new Collins Hub the digital teaching resources include features such as planning, assessment, teaching consolidation with PowerPoints and interactive tools.

Greater Depth Maths

Age
4–11

Be ready to deep dive into maths with this whole-school approach that will help every teacher implement best practice and help all pupils reach their full potential

Greater Depth Maths is a flexible resource that can be used alongside your existing scheme of work to support pupils who are ready to extend their mathematical thinking. It provides a scaffolded and structured approach to ensure teacher confidence and for systematic development of pupils' skills and knowledge.

- Meaningful mathematical tasks stretch and challenge pupils and support them to work independently and think more deeply
- Offers extensive opportunities to explore different maths concepts and develop problem-solving strategies
- 'Stumble support' provides inclusive greater depth maths opportunities for all children
- Ready-to-teach lessons, slides and notes support the delivery of maths at greater depth
- Comprehensive CPD is included to support all teachers in getting the most from the programme

Adapt *from Collins*

Collins
hub **AS**

Smart digital learning that delivers

Adapt from Collins is a new, interactive online platform that uses globally tested cognitive science to improve outcomes and engagement for your whole class, without having to change the way you teach. Adapt works by tracking not only your students' understanding but also their metacognition – what they know about what they know – which the Adapt software constantly uses to scaffold knowledge and reinforce understanding, creating a unique pathway towards learning success.

5–11

eBooks

CP

New
component

This series is **endorsed** by Cambridge Assessment International Education to support the new curriculum framework (0097) from 2020. The Progress Books have not been through the Cambridge International endorsement process.

Series Editor: Karen Morrison

Authors: Tracey Baxter, Sunetra Berry, Pat Dower, Helen Harden, Pauline Hannigan, Anita Loughrey, Fiona MacGregor, Emily Miller, Jonathan Miller, Karen Morrison, Daphne Paizee, Anne Pilling, Pete Robinson, Phillipa Skillicorn and Tracy Wiles

Supports **Cambridge Global Perspectives™** with activities that develop and practise key skills.

Spark scientific curiosity from a young age with this six-level course through an enquiry-based approach and active learning

Student's Books

- Offer differentiated activities for each unit and continuous assessment throughout
- Help pupils to actively learn through practical activities that don't require specialist equipment or labs
- Deepen and enhance the delivery of scientific skills with *Thinking and Working Scientifically* sections

Workbooks

- Provide opportunities to deepen understanding and build on prior knowledge
- Include language development activities to help build scientific vocabulary

Teacher's Guides

- Deliver consistent lessons with clear lesson plans as well as continuous assessment opportunities
- Slideshows, video clips, additional photographs and interactive activities are included in the Extended Teacher's Guides, only available as eBooks

Build Science vocabulary with key words 'post-its'

Active learning underpins all aspects of teaching within the resources

Science in context

6.3 Science and the environment

Large parts of the planet **Earth** are covered in **water**. Water is very important. Animals, humans and plants all need water to survive.

1 Look at the picture. What does it show?
Some places on the Earth do not have much water.

2 Look at the pictures. ▲ Describe what you can see.
3 How are the places different?
4 What do you think it is like to live in these places?

88

Key words

- Earth
- water
- waste
- save

We can use what we know about science to help the world around us. We know that water is important so we must not **waste** it. We can do things to help **save** water.

DO NOT WASTE WATER
SLOW THE FLOW

5 Look at the picture. ▲ How does it say we can save water?

6 What could this girl do to save water while brushing her teeth?

Topic 6 Earth and Space

Activities

1 Play a game about how we can waste water and how we can save water.

2 Design a game. Think of the different ways that we waste water and ways that we can save water. Then play your game.

3 Design a poster to help people save water. Draw pictures and add labels to explain the ways we can save water.

I have learned

- Water is important for all living things on Earth.
- We can help the planet by saving water.

89

Photo-rich spreads show science in real-life contexts

Topic summary for concise synopsis and continuous learning

Snap Science

2nd Edition

Series Editor: Jane Turner

New
edition

Age
4-11

AS

Teach outstanding science with an evidence-informed, best-practice approach created by experts

eBooks

Snap Science is an award-winning science programme that provides everything you need to teach outstanding science and is simple to implement across your whole school. The new edition means it is now better than ever!

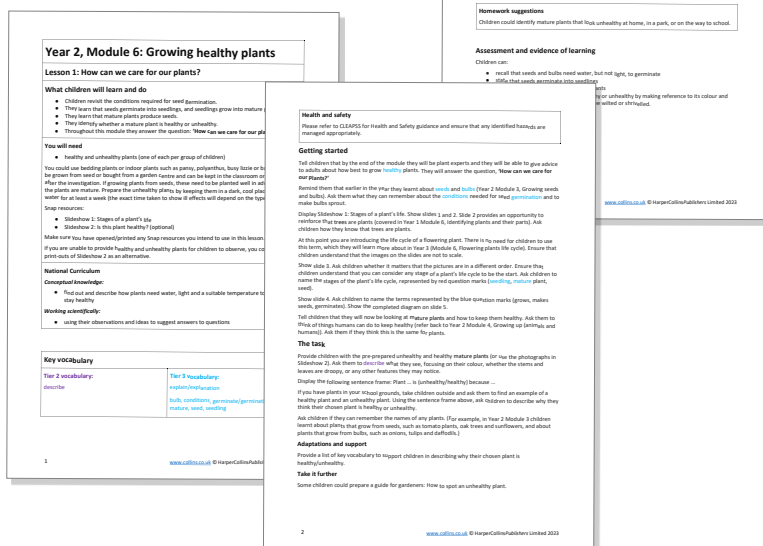

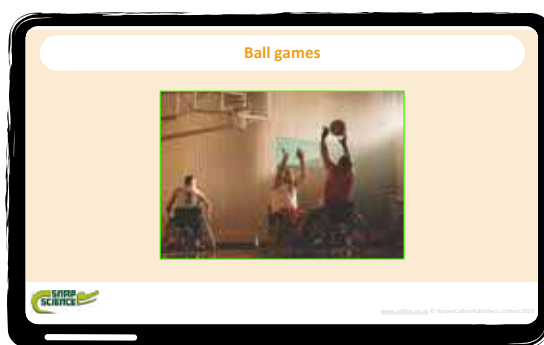

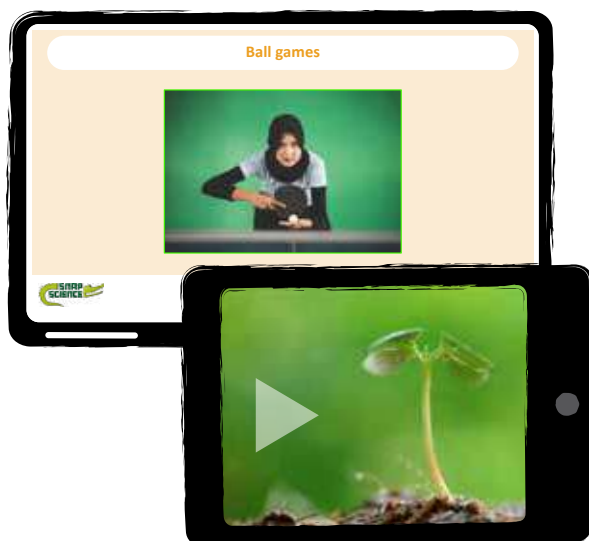

The programme is shaped by an informed understanding of the purpose and value of primary science, aiming for every child to engage with a coherent progression of the scientific skills and concepts specified in the UK National Curriculum.

- ✓ A **coherent and connected** curriculum is broken down into clear steps, with a focus on acquiring and applying essential knowledge and skills
- ✓ **Clearly mapped progression** ensures that conceptual and disciplinary knowledge build through the primary years
- ✓ It is explicit about what children need to know and remember at each stage to **ensure secure progression** in their science learning
- ✓ **Clear, editable lesson plans** allow you to deliver content effectively tailored to the needs of your class
- ✓ Packed with practical activities, using a range of high-quality resources to ensure every lesson is **rich, lively, and engaging**

The digital subscription, now available on the Collins Hub, provides access to a wealth of digital resources including:

- Editable lesson plans
- Slideshows
- Videos
- Resource sheets
- Tailored animations
- Interactive activities
- Updated planning and assessment

Collins
hub

Pupil Workbooks and Teacher's Guides

New

Print Workbooks and Teacher's Guides follow the teaching sequence of the **Snap Science 2nd edition** scheme to ensure progression and can be used alongside the digital subscription.

They include:

- Step-by-step guidance for practical activities
- Scientific vocabulary to improve understanding and application
- Age-appropriate subject knowledge
- Enrichment activities for home learning

WHAT'S NEW

Access clear progression

– lessons build on previous learning and each lesson is clear on what pupils will learn. Clear guidance is provided for teachers to identify whether learning intentions have been met with further guidance on making summative judgements against National Curriculum expectations. Snap Science also includes expertly planned explicit teaching of vocabulary to support substantive and disciplinary knowledge acquisition.

Ensure full curriculum coverage in a manageable number of lessons

– easier timetabling with 6 modules per year planned so that the science is taught regularly and logically, with each National Curriculum statement broken into a series of steps.

Ensure all pupils can see themselves reflected in science lessons

– all lessons and activities have been reviewed with representation and inclusion at the forefront.

Review, track and record every child's progress

with formative assessment built into every lesson, clear guidance for making summative assessment judgments at the end of each module, and a straightforward system for tracking children's progress.

Teach science that's relevant for today's pupils

with sustainability and environmentalism integrated throughout. Recent scientific developments and current scientists are also featured.

Improve all teachers' confidence to teach science

when planning lessons with accessible, teacher subject knowledge in every module and CPD for subject leaders to use to share current research, ensuring a consistent approach to science teaching and learning across the whole school.

Collins International Primary Global Perspectives (0838)

eBooks

CP

Age
5–11

This series is endorsed by Cambridge Assessment International Education to support the curriculum framework (0838) from 2022.

Series Editor: Nick Coates

Authors: Rebecca Adlard, Sula Delafuente, Fiona MacGregor, Katharine Meunier and Daphne Paizee

A six-level course that builds students' Global Perspectives skills through practical exploration and investigates issues relating to the topics within their school, family, surroundings and culture

Student's Books

- Develop the six Global Perspectives skill strands through a wide range of topics using a personal, local and global perspective
- Provide students with a variety of sources, with an international focus, to support their learning
- Draw learning together in a final task within each unit and allow students to undertake a piece of research, analysis or an action in their school or learning community
- Provide regular opportunities for reflection and self-assessment

Teacher's Guides

- Contains everything you need to teach with confidence
- Downloadable and editable lesson plans and worksheets can be adapted to suit classroom needs
- Curriculum framework mapping tables and unit overviews support effective planning
- Prepare learners for a seamless transition to study Global Perspectives at Cambridge Lower Secondary and beyond

Lessons start with an enquiry question

Each lesson focuses on one main skill and some other subsidiary skills

Key terms and language help understand topic and start conversations

1.1 What do you think about printing?

1 What is the teacher doing in the picture? How does a printer work? What can you do with a printer?

2 Read the message from Himari. Does she have a positive or negative opinion about printing? How do you know?

Positive ✓ Negative ✗

Hi, I'm Himari. **In my opinion**, printing is **great because** our teacher can print us copies of worksheets and we can write on them and keep them. **However**, I also think there **is a problem with** printing because it uses a lot of paper.

Key term

opinion: what a person thinks about something

3 Read the message from Adriana. Does she agree with Himari? How do you know? Does she have a positive or negative opinion about printing?

Hi, Himari. My name's Adriana. **I agree** that printing helps us learn better **and** we can print out our work and our projects. That means we can make wall displays or show our families. **I disagree** that using paper is a problem, because at our school we reuse as much paper as we can and then we recycle it.

✓ Evaluation
✓ Analysis
✓ Research

4 Who do you agree with most, Himari or Adriana? Can you say why?

5 Describe the objects. How do you think they were made?

Useful language

*I think they were made with a.../by...
They might/could have been made with a.../by...
What do you think?*

6 What do you know about 3D printing? Discuss it in your groups. Fill in the KWL chart on the worksheet.

7 Read the text on the worksheet. What is the writer's opinion of 3D printing? How do you know? Find three words that tell you.

8 Imagine you have a 3D printer. What would you print? Draw a picture on the worksheet. Write a sentence explaining what it is and why you would make it.

Talking point

How did you identify Himari's and Adriana's ideas about printing?

Before you go

What do you think about 2D printing? What do you think about 3D printing?

Sample pages from Student's Book 3

Reflection opportunities in every lesson allow students to think about how to apply new skills

Collins Primary History

Age
5–11

eBooks

Authors: Sue Temple and Alf Wilkinson

Support a broad and balanced curriculum

This series provides a rich coverage of the Primary National Curriculum for England and Wales for History.

Packed with information, source materials, questions and activities, the beautifully designed Pupil Books encourage children to explore, interpret and develop knowledge of significant historical periods.

The series covers the following topics:

Lower Primary:

- ✓ Changes Within Living Memory
- ✓ Events Beyond Living Memory
- ✓ Significant Individuals

Upper Primary:

- ✓ The Stone Age to the Iron Age
- ✓ Invaders
- ✓ Ancient Egypt
- ✓ Ancient Greece
- ✓ The Maya
- ✓ The Victorian Times

The accompanying Teacher's Guide covers all the books and provides planning support and guidance on making progress in History.

Collins Primary Geography

Authors: Stephen Scoffham and Colin Bridge

Age
5-11

eBooks

A progressive, skills-based scheme that includes an extensive range of evidence to stimulate children's interest and develop investigative skills

- Focus on locational knowledge – there's emphasis on detailed case studies and a range of maps and atlases
- Centred around local enquiry – Teacher's Books provide advice and tips on how to incorporate local area study into your lesson plans
- Emphasis on extended writing to tie in with literacy – investigation points for each lesson offer varied writing exercises to improve literacy skills with both descriptive and comparative exercises

Pupil Books

- Engage pupils' interest in the world around them and encourage investigative skills with an extensive range of photographs, maps, satellite images, charts and diagrams
- Develop your pupils' geography vocabulary with subject-specific language introduced throughout

Teacher's Books

- Planning support for each lesson with clear links on how to develop pupils' map and investigative skills
- Advice on progression, differentiation and assessment within the scheme
- Extension activity copymasters for every unit included

Interactive Resources

- Maps
- Lesson plans
- Videos
- Classroom activities
- Photo slideshows
- Activity sheets

Collins Primary Music Early Years Foundation Stage

Age
3-5

Authors: Sue Nicholls and Sally Hickman

Child-centric, holistic and flexible resource which supports Early Years practitioners to deliver the 2021 reformed statutory framework – through music!

This resource presents 12 'starting points' stemming from children's interests with songs, chants, listening music, images, videos and stories to engage and inspire exploration.

There are traditional tunes with new lyrics relating to the themes covered as well as brand new songs, chants and music from around the world and across a range of traditions.

A wealth of additional support includes planning and assessment guidance, templates, imagery, vocabulary, background information, notation for music specialists and related reading and songs.

Collins Primary Music – Early Years Foundation Stage
978-0-00-844765-6

Listen & Celebrate

Age
5-11

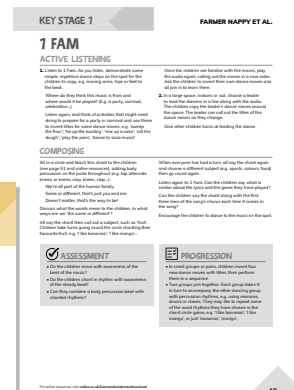

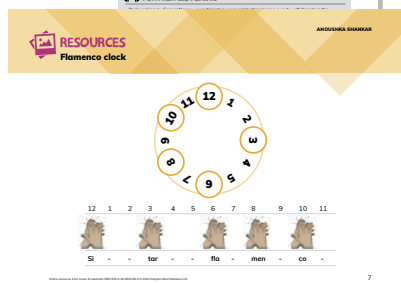

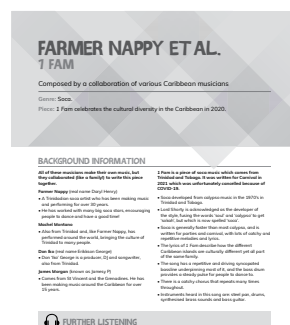

Authors: Nathan Holder and Helen MacGregor,
Illustrated by Charity Russell

Introduce a selection of 15 pieces from a range of time periods, countries and styles, celebrating the people who wrote the music and offering an immersive experience through active listening and composing activities

This book will help bring breadth and depth to children's musical experience and understanding, offering a glimpse of the huge variety of music in the world and featuring composers from a range of backgrounds and experiences.

Features:

- Background information to provide context and inspire
- Active listening activities
- Composing activities
- Beautifully illustrated whiteboard displays

whole-class
teaching

Inspiring Ideas Series

Handy guides full of practical ideas to support every aspect of music teaching. Whether you're new to teaching or a seasoned practitioner, this series offers fresh and varied ways to invigorate music lessons.

Primary Music Leader's Handbook

Author: Dr Elizabeth Stafford

The essential resource for any music subject leader working in a primary setting

The **Primary Music Leader's Handbook** explains and supports with every aspect of the role – defining your vision, curriculum design, assessment, extra-curricular activities, performances, supporting colleagues and much more.

Teachers new to the role or with little musical experience will find an accessible starting point and straightforward explanations of the very basics. Music leaders who are more established will benefit from useful insights into research and thought-provoking points to consider. Regardless of the journey so far, this book will guide, support and encourage teachers to deliver the best music provision.

Collins Maths Dictionary
978-0-00-821237-7

Happy Handwriting

Age
4-11

Series Editor: Dr Jane Medwell

Authors: Stephanie Austwick, Annabel Gray and Chris Witney

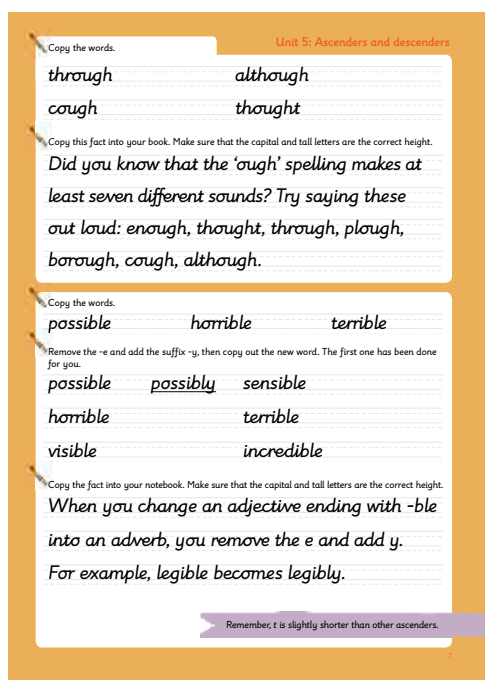

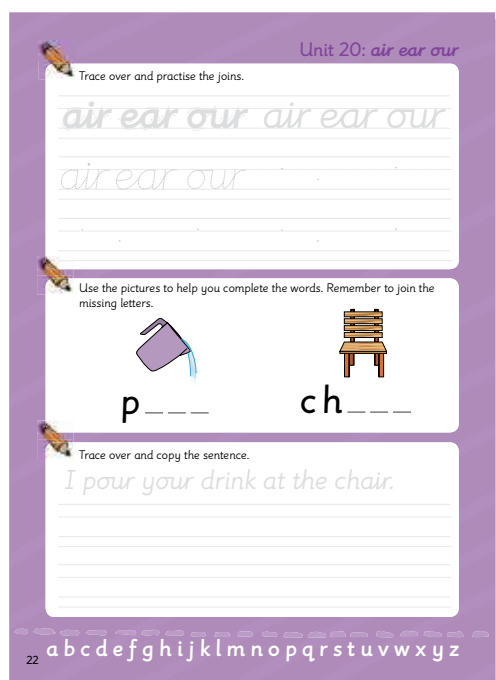

A whole-school handwriting course that supports children in becoming confident, fluent writers

The course consists of practice books, teacher guides, printable posters and interactive whiteboard slides containing letter formation animations, providing a clear plan for frequent and discrete direct teaching.

Write-in Practice Books contain short, focused activities that provide regular practice of handwriting skills such as letter formation and letter joining at lower primary, and automaticity, legibility, fluency and style at upper primary.

The Teacher's Guides include all the support teachers need to develop children's handwriting skills from lower to upper primary:

- Content is presented as grid-based lesson plans for quick reference and easy planning
- Downloadable resource sheets and home practice sheets provide additional practice opportunities and maximise parental involvement
- Structured assessments help identify individual and group handwriting needs

Collins Easy Learning

New
titles

Age
3-11

Provide parents with reassurance whilst supporting their child's learning at home

- Help boost confidence and develop good learning habits for life
- Colourful, motivating activities make learning fun
- Helpful tips and answers are included so that parents can support their child's learning

Flashcards

Packed with colourful pictures and words, these educational flashcards are a fun and easy way to learn! They help children recognise letters, numbers and first words and build their confidence at home.

Wipe-clean Books

Children are introduced to writing letters and numbers using these fun and engaging wipe-clean activity books. They will learn to hold a pen correctly and build up letter and number skills with activities they can do over and over again.

Quick Quizzes

Fun and engaging quizzes test children's English and maths skills with motivating colour charts on every page to encourage children to complete the questions.

Activity Books

Engaging activity books help boost children's confidence at every stage of their learning.

Maths and English Activity Books

Activity books to really help children practise important skills learned at school and boost progress at every stage of their learning.

Bumper Books

Combining practice with engaging, colourful illustrations, these bumper books help to boost children's confidence and support learning at home.

See online order form at collins.co.uk/intcatalogues for the full list of titles available

Maths & English in 5 Minutes

Quick, targeted practice to really improve maths and English skills

Take 5 minutes and complete a page of maths in three parts:

- **Step 1** (1 minute): Review what learners already know
- **Step 2** (2.5 minutes): Practise new knowledge
- **Step 3** (1.5 minutes): Challenge and consolidate

Collins International Primary Progress Books

New

AS

CP

eBooks

Boost confidence, consolidate understanding and measure progress in maths, science and English

The Progress Books have not been through the Cambridge International endorsement process.

Ensure coverage of the Cambridge Primary curriculum frameworks and prepare learners for further study with Progress Books for maths, science and English

Available as a write-in Student's Book or a photocopiable Teacher Pack for each stage (1–6)

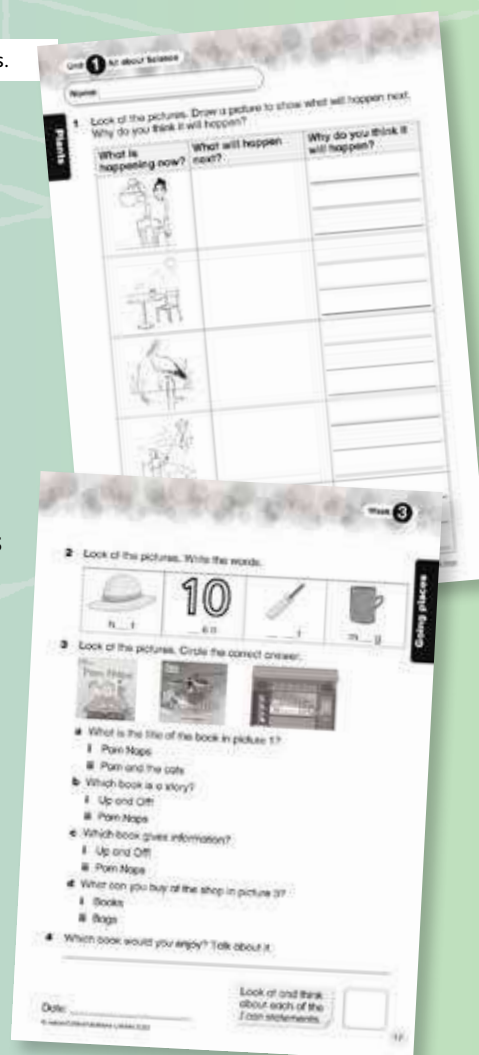

Secure skills and understanding with extra practice tasks to support the Student's Books units and topics

Structured in-class tests allow learners to apply what they have learned and assist teachers with medium-term formative assessment

Measure the progress of learners and identify their strengths and weaknesses to see where extra support may be needed

Self-assessment opportunities after each test allow learners to reflect on their understanding and identify areas for improvement

For ISBN and pricing information for each book, see corresponding course pages throughout this catalogue.

TERMS AND CONDITIONS

Sample Copies: We offer sample copies to schools who would like to review our titles for adoption. Our samples are free of charge, without postage charge and without a request to return them to us. We reserve the right not to send a sample copy if we believe it is not being reviewed for adoption. If you would like to request a sample copy please contact us at collins.international@harpercollins.co.uk

Prices: Prices are correct at the time of going to press. Collins reserve the right to change these prices without further notification. Offers are not available in conjunction with any other offer and while stock lasts. Prices listed are without VAT. VAT is applicable to software and digital licence products and is applied at the current rate. There is no VAT on books. Network licences allow you to use the resources across your school. Home use licences allow students and teachers to access the resources from home only.

Postage and Packing: Sample copies are supplied free of charge and without postage and packaging charges. Please contact us at collins.international@harpercollins.co.uk to find out about postage charges incurred on direct orders from your country.

If you would like to find out more about Collins or order the resources for your school, please contact your sales representative or email collins.international@harpercollins.co.uk
