We LOVE books and we also LOVE our PLANET, which is why we are committed to REDUCING our IMPACT on the ENVIRONMENT.

## WE USE RESPONSIBLY SOURCED PAPER

Our paper is FSC-certified, which means that it comes from well-managed forests. It helps to protect habitats, plant more trees, and look after local people and wildlife.

## WE USE VEGETABLE-BASED INKS

Ink made using oil from vegetables is more environmentally friendly than chemical-based inks, which are made from fossil-fuels that are non-renewable and more harmful to the environment.

## WE'VE REMOVED PLASTIC FROM OUR COVERS

We varnish our covers instead of laminating them with a thin layer of plastic film, which means they are 100% plastic free and can be easily recycled.

## WE DONT USE EXTRA DECORATIONS LIKE GLITTER OR FOIL

Glitter can contain microplastics that are harmful to the environment.

## What YOU can do

If you see this symbol it means you can put the book in your household recycling bin, or why not pass it on to a friend or donate it to charity?

If you see this symbol it means that part of the book – like a ribbon marker – may not be recyclable at home. But you can still pass it on to friends, family or a charity.
